BROOMMATE

A new broom sweeps clean...

The BROOMMATE Agricultural / Industrial broom has been developed to incorporate best design and materials to ensure a robust and efficient product construction. The 5mm galvanized steel hood is tough, it incorporates linkages for tyne forks as standard. Manufactured to the highest standard, it is highly versatile, it can be used to clear commercial and industrial debris, rubbish, leaves and even snow, standing water and industrial spills effectively, keeping your workplace clear and minimizing damage from accidents or weather.

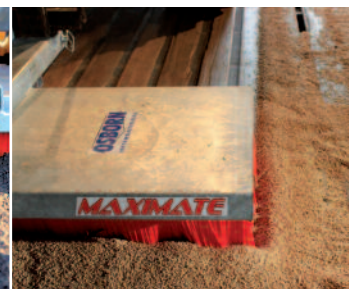

Benefits:

- maximum sweeping power
- heavy duty
- general industrial applications – indoors & outdoors
- tougher sweeping applications
- safe & user friendly
- economical
- easy swap bristle replacement system
- fast & effective
- no moving parts – durable & robust
- low maintenance – easy to clean

Applications:

- construction sites
- warehouses & factories
- livestock yards
- recycling depots
- gravel & sand
- quarries
- mud & slurry
- waste & litter
- foilage
- light snow clearance
